

4/13/2017

Addendum No. 2
Request for Quotation (RFQ) V1676
**Purchase of One New On-Road Service Truck
Model Year 2017 or Later**

Prospective Bidder:

Reference is made to the subject solicitation wherein the following changes are hereby incorporated:

Delete: In Technical Specifications, Section 12. Lube Dispenser System;
Section, Additions;
“Mobile (Skid) Mounted Compressor with a 120 psi minimum, or greater psi if required for the operation of the Lube Dispenser System.”

Substitute: In Technical Specifications, Section 12. Lube Dispenser System;
Section, Additions;
Add line item “Compressor supplied by Lubemate or NICE Bus approved equal with approximate dimensions of 46”L x 22”D x 30”H with a Honda 8 HP engine that delivers a 125 psi minimum. Compressor shall be side mounted to the rear section of the panel body (behind the driver or passenger area) keeping the floor area clear with the exhaust being permanently piped and vented to the outside. The compressor shall have an accessible air hose coming off of the air tank that can be quick connected to the mobile lube skid. The operation (on/off) of the compressor and Lubemate mobile skid shall be controlled as one (1) unit.”

Add: Questions and Responses

Response to the questions should be included in the specifications for RFQ V1676 as follows:

1) The specifications on page 11 calls for a Trailer Brake Controller, this is an option and it requires the addition of the Cruise Control option.

NICE Bus Response: The specification requires a Trailer Brake Controller, if additional items are required to be included into the vehicle that is acceptable. Award shall be made to the responsive & responsible low bidder meeting the specifications.

2) Item B calls for front rubber floor mats, please be advised that the floor covering will be Front ONLY Vinyl Floor Covering with NO Floor Mats.

NICE Bus Response: Front vinyl floor covering with aftermarket front rubber mats are acceptable to NICE Bus.

3) Item F calls for Angular black molded platform running boards minimum 5 ½” wide. Please be advised that this item is not available as an OEM option. It will be a dealer-installed option.

NICE Bus Response: The specification requires Angular black molded platform running boards minimum 5 ½" wide, running boards can be furnished by OEM or installed on aftermarket basis by vendor/dealer. Award shall be made to the responsive & responsible low bidder meeting the specifications

In your bid submission to Transdev Services, Inc., d/b/a NICE Bus, an authorized representative of your firm or organization **must** acknowledge receipt of this Addendum No. 2 in Schedule II of the RFQ.
