

Addendum No. 1
Request for Quotation (RFQ) V1676
**Purchase of One New On-Road Service Truck
Model Year 2017 or Later**

Prospective Bidder:

Reference is made to the subject solicitation wherein the following changes are hereby incorporated:

Add: In Technical Specifications; Section, Purpose and Intent;
Prior to this sentence "At minimum the offered vehicle shall meet or exceed the following salient characteristics and the successful dealer shall comply with the conditions listed herein."

NICE requests the awarded Contractor to furnish and deliver a vehicle that shall meet or exceed all industry and safety standards. The vehicle shall be delivered fully fueled, assembled and operational. All parts, equipment, and accessories shall be completely installed, assembled and/or adjusted as required. All parts shall be new. In addition to equipment specified, the vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles, including all applicable New York State Inspections.

The vehicle shall be designed and assembled in accordance with all applicable industry standards. The vehicle shall comply with all governmental regulations as they apply to the operation of the vehicle including, but not limited to, those listed below. If applicable, the appropriate decals indicating compliance shall be affixed to the vehicle.

- A.** Vehicle shall conform to any and all applicable New York State laws, regulations and directives, including but not limited to, New York Codes, Rules and Regulations (NYCRR), New York State Vehicle and Traffic Law (NYSVTL), and New York State Dept. of Motor Vehicles (NYSDMV).
- B.** Vehicle shall comply with all current applicable Federal Motor Vehicle Safety Standards (FMVSS), Federal Motor Carrier Safety Administration (FMCSA), National Highway Traffic and Safety (NHTSA), Environmental Protection Agency (EPA), and Occupational Safety & Health Administration (OSHA) requirements.
- C.** Vehicle shall comply with the regulations of the Federal Government and New York State (NYCRR) governing the control of air pollution from new motor vehicles and new motor vehicle engines in effect on the date of manufacture. Please refer to NYCRR (NY Codes Rules and Regulations), Title 6 (Environmental Conservation) Part 218, and Emissions Standards for Motor Vehicles and Motor Vehicle Engines. Bidders are advised to verify with the OEM whether or not "NE" satisfies the CARB emissions requirements.

Delete: In Technical Specifications;
1. **QUANTITY:**

- a. One (1) vehicle comprised of a Cutaway cab with an enclosed Aluminum Panel Body (75 inch height) that contains a lube system, jump start system and other features as described below.

Substitute: In Technical Specifications;
1. **QUANTITY:**

- a. One (1) vehicle comprised of a Cutaway cab with an enclosed Aluminum Panel Body (72 inch height) that contains a lube system, jump start system and other features as described below.
